Routine Notes.

[To be used only for notes, requisitions, etc., not intended for permanent record.]

Records

Kindly refer to my Special requisition of the 4th inst. for the sketch showing the Lauraparji feeder channel and referred to in G.P. No 1078-9 of 6th June 1903 and please look in the records if available,

N. Jagannath
Supdt. Bor IV

22nd Nov 1902,

To Bor IV

A careful search was made for the Sketch referred to in your requisn of 19th instant and it is not forthcoming in the Records - Apparently it must be in the D.P.W. Sects with Corrce in Connection with Bang: Water Supply and Lauraparji tanks feeder -

P.B. [illegible]

N. B. Should routine notes be written on small slips, the notes must be copied, or slips pasted on this form.

~~Copied~~

Sir. The most important sketch forthcoming either in the P.W.D Secty or in the Rangoon Division office or in our own records. I think our draft may be sent to Asstt Secty. Please see the note I have made on that draft. It will have to be verified by the P.W.D. Staff

Subject Sir, This is one of the several files of papers received in connection with the Sandoway Creek feeder channel question. This was sent to Records for restoration in its place. They have returned it as being incomplete. This was known to them when they put it up (Please see their note on the B. form)
